

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. RADANOVICH. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. RADANOVICH. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 585, the Gateway Communities Cooperation Act, introduced by me and amended by the Resources Committee, would facilitate better communication between and among the Secretaries of the Interior and Agriculture and those designated communities located adjacent to our Federal lands, which are commonly known as gateway communities.

These gateway communities are impacted by decisions made by managers of our public lands. The people in these communities fulfill an integral part in the mission of Federal lands by providing necessary services, such as schools, roads, search and rescue, emergency and medical support, drinking water and sanitary systems.

H.R. 585, as amended, would improve the relationship among Federal land managers, elected officials and residents of gateway communities, as well as enhance facilities and service available to visitors of our Federal lands. Additionally, the measure will improve the coordination of land use planning and decisions made by Federal land managers.

As the representative of Yosemite National Park here in Congress, I know how important coordination and communication is between Federal managers and the people living in the communities surrounding our national parks, forests and other Federal lands. This bill helps achieve a better relationship between these parties.

I urge adoption of the bill.

Mr. Speaker, I reserve the balance of my time.

Mr. UDALL of Colorado. Mr. Speaker, I yield myself such time as I may consume.

(Mr. UDALL of Colorado asked and was given permission to revise and extend his remarks.)

Mr. UDALL of Colorado. Mr. Speaker, through four Congresses now, we have worked with outside groups and the agencies to address the flaws in this legislation as it was originally introduced. As in the previous Congress, we do not intend to impose this legislation.

However, the majority is amending H.R. 585 to remove authorize station for funding to assist these local gateway communities. It is unfortunate that as we are making available new information and technical assistance, we are not providing these commu-

nities the funding they will need to take advantage of these new opportunities.

As I have said, Mr. Speaker, we do not oppose H.R. 585.

Mr. Speaker, I yield back the balance of my time.

Mr. RADANOVICH. Mr. Speaker, I have no further speakers, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. RADANOVICH) that the House suspend the rules and pass the bill, H.R. 585, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

AUTHORIZING FEASIBILITY STUDY WITH RESPECT TO MOKELUMNE RIVER

Mr. RADANOVICH. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3812) to authorize the Secretary of the Interior to prepare a feasibility study with respect to the Mokelumne River, and for other purposes, as amended.

The Clerk read as follows:

H.R. 3812

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. AUTHORIZATION OF MOKELUMNE RIVER REGIONAL WATER STORAGE AND CONJUNCTIVE USE PROJECT STUDY.

Pursuant to the Reclamation Act of 1902 (32 Stat. 388) and Acts amendatory thereof and supplemental thereto, not later than 2 years after the date of the enactment of this Act, the Secretary of the Interior (hereafter in this Act referred to as the "Secretary"), through the Bureau of Reclamation, and in consultation and cooperation with the Mokelumne River Water and Power Authority, shall complete and submit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate copies of a study to determine the feasibility of constructing a project to provide additional water supply and improve water management reliability through the development of new water storage and conjunctive use programs.

SEC. 2. USE OF REPORTS AND OTHER INFORMATION.

In developing the study under section 1, the Secretary shall use, as appropriate, reports and any other relevant information supplied by the Mokelumne River Water and Power Authority, the East Bay Municipal Utility District, and other Mokelumne River Forum stakeholders.

SEC. 3. COST SHARES.

(a) **FEDERAL SHARE.**—The Federal share of the costs of the study conducted under this Act shall not exceed 50 percent of the total cost of the study.

(b) **IN-KIND CONTRIBUTIONS.**—The Secretary shall accept, as appropriate, such in-kind contributions of goods or services from the Mokelumne River Water and Power Authority as the Secretary determines will contribute to the conduct and completion of the

study conducted under this Act. Goods and services accepted under this section shall be counted as part of the non-Federal cost share for the study.

SEC. 4. WATER RIGHTS.

Nothing in this Act shall be construed to invalidate, preempt, or create any exception to State water law, State water rights, or Federal or State permitted activities or agreements.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There is authorized to be appropriated to the Secretary \$3,300,000 for the Federal cost share of the study conducted under this Act.

SEC. 6. SUNSET.

The authority of the Secretary to carry out any provisions of this Act shall terminate 10 years after the date of the enactment of this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. RADANOVICH) and the gentleman from Colorado (Mr. UDALL) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. RADANOVICH. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. RADANOVICH. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 3812, introduced by the distinguished chairman of the Resources Committee, the gentleman from California (Mr. POMBO), authorizes a Federal feasibility study on creating more water storage.

Rapid population growth and salt intrusion into the underlying aquifer have prompted officials in San Joaquin County, California, to seek a more dependable and reliable water supply for the region. The study in this legislation will examine ways to capture flood flows from an area river in order to develop 65,000 acre feet of potential water supplies.

This water storage study will thoroughly examine all the issues surrounding the development of this new water resource, and expressly protects State water law and current permits and agreements. Above all, this legislation serves as the first step towards the development of much-needed water supplies.

I urge my colleagues to support this important legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. UDALL of Colorado. Mr. Speaker, I yield myself such time as I may consume.

(Mr. UDALL of Colorado asked and was given permission to revise and extend his remarks.)

Mr. UDALL of Colorado. Mr. Speaker, this bill would authorize the Secretary of the Interior to work with local interests to study possible

projects to stabilize groundwater levels in San Joaquin County, California.

I appreciate the efforts made by Chairman POMBO, the author of this bill, to accommodate the concerns of neighboring water users. Specifically, language in Section 2 of H.R. 3812 was carried forward from the 108th Congress to allow the participation of the East Bay Municipal Utility District and other stakeholders as this project moves forward.

Mr. Speaker, we have no objection to passage of this legislation.

Mr. POMBO. Mr. Speaker, I rise in favor of H.R. 3812, a bill authored because in San Joaquin County, California, water supplies are being depleted. The region suffers from highly significant groundwater overdraft and saline intrusion, affecting agricultural, residential and commercial water users. This bill provides a much needed solution to a growing problem. H.R. 3812 authorizes \$3.3 million in Federal funding to complete studies that will examine additional surface water supplies, and improve water supply reliability and environmental protection for the Bay-Delta Region. Led by the Bureau of Reclamation, the project's multi-year evaluation would involve the participation and cooperation of a wide range of regional stakeholders and would provide information important to statewide water resource and environmental protection efforts. Areas aided by this bill include Stockton, Lodi, Lockeford, Clements, Waterloo, Farmington, Linden, Wallace, Camp Seco and Valley Springs. A clean, safe water supply is essential to sustain our growing communities. Mr. Speaker, I urge my colleagues to support this important legislation.

Mr. UDALL of Colorado. Mr. Speaker, I yield back the balance of my time.

Mr. RADANOVICH. Mr. Speaker, I have no further speakers, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. RADANOVICH) that the House suspend the rules and pass the bill, H.R. 3812, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

SOUTHERN OREGON BUREAU OF RECLAMATION REPAYMENT ACT OF 2005

Mr. RADANOVICH. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4195) to authorize early repayment of obligations to the Bureau of Reclamation within Rogue River Valley Irrigation District or within Medford Irrigation District.

The Clerk read as follows:

H.R. 4195

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Southern Oregon Bureau of Reclamation Repayment Act of 2005".

SEC. 2. EARLY REPAYMENT.

Notwithstanding the provisions of section 213 of the Reclamation Reform Act of 1982 (43 U.S.C. 390mm), any landowner within Rogue River Valley Irrigation District or within Medford Irrigation District, in Oregon, may repay, at any time, the construction costs of the project facilities allocated to that landowner's lands within the district in question. Upon discharge, in full, of the obligation for repayment of the construction costs allocated to all lands the landowner owns in the district in question, those lands shall not be subject to the ownership and full-cost pricing limitations of the Act of June 17, 1902 (43 U.S.C. 371 et seq.), and Acts supplemental to and amendatory of that Act, including the Reclamation Reform Act of 1982 (43 U.S.C. 390aa et seq.).

SEC. 3. LIMITATION.

Nothing herein modifies contractual rights that may exist between Rogue River Valley Irrigation District and Medford Irrigation District and the United States under their respective Reclamation contracts, or amends or reopens those contracts; nor does it modify any rights, obligations or relationships that may exist between the districts and their landowners as may be provided or governed by Oregon State law.

SEC. 4. CERTIFICATION.

Upon the request of a landowner who has repaid, in full, the construction costs of the project facilities allocated to that landowner's lands owned within the district, the Secretary of the Interior shall provide the certification provided for in subsection (b)(1) of section 213 of the Reclamation Reform Act of 1982 (43 U.S.C. 390mm(b)(1)).

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. RADANOVICH) and the gentleman from Colorado (Mr. UDALL) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. RADANOVICH. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. RADANOVICH. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 4195, sponsored by our colleague from Oregon (Mr. WALDEN) allows for the early capital repayment costs of a Federal water project.

Under current law, two of the three irrigation districts receiving water from the Federal Rogue River project cannot repay the capital costs that they owe to the Federal Government. This bill gives the Bureau of Reclamation the ability to accept prepayment from these two water districts. This legislation benefits the American taxpayer because it allows early revenue to flow to the U.S. Treasury and helps the local landholders by reducing their debt and onerous paperwork requirements.

I urge my colleagues to support this commonsense bill.

Mr. Speaker, I reserve the balance of my time.

Mr. UDALL of Colorado. Mr. Speaker, I yield myself such time as I may consume.

(Mr. UDALL of Colorado asked and was given permission to revise and extend his remarks.)

Mr. UDALL of Colorado. Mr. Speaker, H.R. 4195 will allow any landowner within the Rogue River Valley Irrigation District or the Medford Irrigation District to repay at any time the construction costs of the Federal Bureau of Reclamation project, from which the landholder receives irrigation water.

□ 1430

By prepaying their share of the remaining repayment obligation, landowners will be exempted from the acreage limitation and reporting requirements of reclamation law.

We on this side of the aisle have no objection to enactment of H.R. 4195.

Mr. Speaker, I yield back the balance of my time.

Mr. RADANOVICH. Mr. Speaker, I have no speakers, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. BOOZMAN). The question is on the motion offered by the gentleman from California (Mr. RADANOVICH) that the House suspend the rules and pass the bill, H.R. 4195.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

BEAVER COUNTY, UTAH REAL PROPERTY CONVEYANCE

Mr. RADANOVICH. Mr. Speaker, I move to suspend the rules and pass the Senate bill (S. 52) to direct the Secretary of the Interior to convey a parcel of real property to Beaver County, Utah.

The Clerk read as follows:

S. 52

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONVEYANCE TO BEAVER COUNTY, UTAH.

(a) IN GENERAL.—As soon as practicable after the date of enactment of this Act, the Secretary of the Interior shall, without consideration and subject to valid existing rights, convey to Beaver County, Utah (referred to in this Act as the "County"), all right, title, and interest of the United States in and to the approximately 200 acres depicted as "Minersville State Park" on the map entitled "S. 2285, Minersville State Park" and dated April 30, 2004, for use for public recreation.

(b) RECONVEYANCE BY BEAVER COUNTY.—

(1) IN GENERAL.—Notwithstanding subsection (a), Beaver County may sell, for not less than fair market value, a portion of the property conveyed to the County under this section, if the proceeds of such sale are used by the County solely for maintenance of public recreation facilities located on the remainder of the property conveyed to the County under this section.

(2) LIMITATION.—If the County does not comply with the requirements of paragraph
